

Frequently Asked Questions: AFA 11B-2014-SA Screening, Brief Intervention, and Referral to Treatment (SBIRT)

- The AFA instructions for the continuous application deadline is unclear, please provide additional instruction and/or guidance as to how you would like submitted, as well as when to expect award announcements.
 - The AFA for this service was updated and reposted on 7/17/14 to provide this information within the AFA document, please see page 2 of the revised AFA for the continuous application schedule.
- Do existing GACSA SBIRT grantees have to submit an application to continue services in this region as part of this AFA?
 - No, the GACSA SBIRT funds available in Region 2 are for new projects that were not awarded during previous GACSA supported AFA cycles. Existing grantees of the GACSA SBIRT funds are not required to apply for funds unless proposing new/expanded service provision.
- We noticed the announcement of grants on the website and wanted to know if they are open to all in the respective regions to apply or are they for only continuing grantees?
 - Yes, all eligible providers in the targeted regions are able to apply for grant funds. These funds are open to all prospective qualified applicants and are not restricted to designated for existing providers. See 'Legal Requirements' on page 2 of the AFA for more details on provider eligibility.
